1. Statutory Basis of the Declaration

Section 6(1A) of the Maharashtra Educational Institutions (Regulation of Fee) Act, 2011, as amended, enables the Management of a private unaided or permanently unaided school to choose to declare, at the time of admission to students, the **standard-wise fee structure** for the prescribed standards.

The provision further stipulates that the fee structure so declared by the School shall be **binding on all concerned** and shall be displayed on the School notice board and on the official website of the School.

Accordingly, the Management has elected to adopt the **prospective fee-declaration mechanism contemplated under Section 6(1A)** and is publishing the following standard-wise fee structure before commencement of the admission process for AY 2027–28.

2. Effective Date

The fee structure declared through this Circular shall come into effect from:

Academic Year 2027–28

And shall remain applicable, in accordance with the respective standard and academic year specified in the table below, up to and including:

Academic Year 2034–35.

3. Applicability

The declared fee structure is intended to constitute the **standard-wise fee structure of the School for the respective academic years** specified herein.

Accordingly, subject to applicable law, the declared fee for the relevant standard and academic year shall apply uniformly to:

1. Students already enrolled with the School and continuing their education during the relevant academic year;
2. Students progressing from one standard to another within the School;
3. Students taking fresh admission to the School during the relevant academic year;
4. Students admitted against vacancies arising during an academic year; and
5. All other students studying in the concerned standard to whom the declared fee structure is lawfully applicable.

The fee applicable to a student shall therefore be determined by the **standard in which the student is studying and the corresponding academic year**, rather than by the date on which the student was originally admitted to the School, subject always to the applicable statutory framework.
